## Professional Summary

---

Motivated Software Developer with skills in Python, SQL, and web development, passionate about building efficient software solutions and continuously learning new technologies. Strong problem-solving abilities with a focus on delivering quality results.

## Technical Skills

---

**Programming Languages:** Python, C, SQL

**Core Concepts:** Object-Oriented Programming (OOP), Data Structures, Algorithms

**Web Development:** HTML, CSS, JavaScript

**Frameworks/Databases:** Django, MySQL, Oracle SQL

**Data Science & ML:** Scikit-learn, XGBoost, Pandas, NumPy, OpenCV

**Tools:** Git, GitHub, Power BI, Excel, VS Code

## Projects

---

### YouTube Video Views Prediction using Machine Learning

- Built ML model to predict video views using title and likes
- Performed data preprocessing, feature engineering, and text handling for title-based inputs
- Applied TF-IDF and feature engineering
- Implemented an XGBoost regression model achieving strong prediction performance ( 81% accuracy)
- Technologies: Python, Scikit-learn, XGBoost, Pandas, NumPy

### Detecting Humans in Search and Rescue

- Implemented real-time human detection using YOLO and OpenCV on live video streams for search-and-rescue applications.
- Optimized model performance for faster and accurate detection
- Technologies: Python, YOLO, OpenCV, Django, HTML, CSS, JavaScript

### Payroll Management System

- Developed a web-based application to automate salary processing and tax calculations
- Implemented secure employee self-service features
- Technologies: HTML, CSS, JavaScript, PHP, MySQL

## Training

---

### Python Fullstack and Data Science Training - Pyspiders

July 2025 - March 2026

- Training in Python Full Stack Development covering Core Python, Object-Oriented Programming (OOP), Django, REST APIs, HTML, CSS, JavaScript, Power BI, SQL, NumPy, Pandas, Statistics, and Machine Learning concepts.
- Built foundational knowledge in full-stack development and data analysis

## Education

---

College Of Engineering Trikaripur, B.Tech in Computer Science

Nov 2021 - Apr 2025

Govt HSS Kannadiparamba, Higher Secondary Education (HSC)

Jun 2019 - Mar 2021

## Certificate

---

- NPTEL : Joy of Computing Using Python (IIT Madras)
- Qspiders : Python Full Stack and Data Science
